

The National Oil Spill Response Research and Renewable Energy Test Facility to exhibit and present at the Clean Gulf 2021 Conference & Exhibition

Leonardo, New Jersey, October 1, 2021 -- Ohmsett, is pleased to exhibit at the Clean Gulf Conference from Nov. 16-18 at the Henry B. Gonzalez Convention Center in San Antonio, Texas.

On **Tuesday, November 16**, Ohmsett Program Manager Tom Coolbaugh will co-chair the API pre-conference Workshop: Oil Spill Response - Beyond the Basics. Ohmsett staff, Grant Coolbaugh and Philip Sontag will join the talk on the science and technology that supports effective oil spill response.

Later that day, Ohmsett Senior Mechanical Engineer, Grant Coolbaugh will present a technical paper entitled "Design, Fabrication, Installation and Performance of a Water Spray Wave Tank Containment System" during the Response Research track. Additionally, Ohmsett Chief Scientist, Paul Panetta will co-chair a session on "Oil Spill Research Facilities: Gaps and Needs."

On **Thursday, November 18**, Tom Coolbaugh will moderate the "Knowledge Management and Transfer" session where a panel of industry veterans will discuss how to transfer knowledge to the next generation, and offer valuable insight into Oil Spill Response.

During the information packed conference, be sure to stop by our booth #415 to learn more about why Ohmsett is the International Center of Excellence for performance testing of oil spill technology and venue for training oil spill responders.

We invite you to be our guest and receive a free expo-only pass. The expo-only pass will give you access to the exhibit hall, 2 conference sessions of your choice, and networking activities. Register now with VIP code APP415 to receive your FREE expo-only pass! <https://l.feathr.co/cg-2021-exhibitor-invites-page-ohmsett>. We look forward to seeing you at Clean Gulf!
